## SCHOOL REPORT

1928-1929

To the Superintending School Committee and Citizens of  
Greenwood:

I hereby submit my ninth and last annual report of your schools.

School property is in an excellent condition, except at Locke's Mills and the roof of No. Seven.

I have supplied the most of the schools with globes. I planned to procure maps for the most of the schools and expect to attend to this matter in the coming spring term. Four teachers' desks, much needed, have been furnished. Another is on the way for the Grammar School. New stoves at Tubbs and Bryant have been installed.

I think the teachers and schools are unusually good. Of course when the children get through the eighth grade they are short half a year of the usual amount of preparation for high school or for life.

The number attending high school is becoming large again. The number will be still larger next year.

The number of children attending at Locke's Mills is too large for the rooms to accommodate them and for the teachers to instruct. Another room should be added. It might be done so as to furnish room for town meetings and office for town officers.

Recommendations, accounts and statistics will follow.

Respectfully submitted,

F. E. RUSSELL,

Superintendent.

## RECOMMENDATIONS
